

My Mission Statement

I am a unique and beautiful being of divine light that is here to learn and heal myself and bring that healing out to others. I am here at this time to be a part of an evolution of understanding and growth unlike what has ever previously transpired.

I am a gifted writer with the ability to use words to inspire others. I am a talented teacher and speaker with the ability to reach others on a soul level. I am also an unstoppable tigress who is focused on love, healing, peace and transformation.

I have come here to accomplish true awakening; to help myself and others awaken to our full potential and to understand that they can be whoever they want to be. I am also here to reach beyond the veil to build bridges that will bring love, light and healing. By sharing the continuity of life and helping to heal others, we all may truly be awakened and enlightened to the highest and best understanding of whom we truly are. I am blessed and honored to be chosen to be the voice for those who cannot speak for themselves.

I am extremely blessed to have a fantastic Divine, spiritual team—my Board of Directors—to help guide me through my experience. I am surrounded by and blessed by and feel love surrounding me always. I am humbled and honored that I have a truly amazing partnership with me on this mission in this journey.

I honor my Soul's unique mission. And so it is.
